CHARLEROI MAN ARRESTED AS DESERTER FROM NATIONAL ARMY

Was Taken Up in Woodlawn Where He Had Been for Three Months

WILL BE TAKEN TO CAMP

Officer H. J. Miller of Woodlawn, arrived in Charleroi Thursday afternoon having in charge John Fucinary and John Guerm, both of whom registered in Charleroi last June as eligible for military service. The men were arrested in Woodlawn on Wednesday by the officers as they were trying to get out of that town in an automobile. They had been under surveillance ffor some time and when they tried to get away the officers believed the time had come to take them into custody, that they might give an account of themselves.

When officer Miller, arrived in Charleroi with his men he immediately began an investigation as to whether they were classed as "deserters." Inquiry at the draft secretary's office in Donora showed that both men had been registered but that Guermo, whose serial number is 671, had not been summoned for examination. It was learned, however from other sources that Fucinary, whose serial number is 571, and who was called in the thirteenth serial hundred had been passed by the local board and certified to the district board at Greensburg on the 26th of September, but had never reported for service. He said he had gone to Cleveland in July and for the past three months has been working in Woodlawn.

The Woodlawn police kept a sharp lookout on all trains arriving or departing from that town, and no man of military age can come in or leave without showing his registration card. In this way quite a number of men who have been registered, but who have never appeared for service have been apprehended.

Officer Miller left with Fucinary for Woodlawn shortly after 4 o'clock and will likely take him to Camp Sherman at Chillicothe there he will be delivered to the federal authorities.

TO BRING LARGEST STEEL BARGE TO PITTSBURG

The steamer Vernie Mac, a lower river towboat is expected to arrive in Pittsburg within a few days, having in tow the largest tank barge afloat, from Catlettsburg, Ky. The barge contains 90,000 gallons of gasoline consigned to the Atlantic Refining company on the Allegheny river. Towing gasoline from Ohio river points to the Pittsburg refineries has become quite an industry one being engaged regularly in this trade at the present time.

DEATH DUE TO AN ACCIDENT

Charleroi Relatives Attend His Funeral Services in Meadville

Rev. C. A. Hartung and his son Conner returned to Charleroi Thursday afternoon, conducted by Rev. J. day afternoon from Meadville, where they had been in attendance at the funeral of private Walter Roberts, a brother of Mrs. Hartung. The body arrived from Camp Hancock, Augusta, Ga., at Meadville on Monday afternoon and funeral services were held Tuesday afternoon conducted by Rev. J. Jerbart, pastor of the Grace M. E. church, assisted by Rev Bell. The floral tributes were many and beautiful, showing the high esteem in which the young man was held in his home community.

With the arrival of the body in Meadville there was cleared an atmosphere of mystery that had enshrouded the young man's death in a way that made the incident doubly sad not alone for the family and immediate friends, but for the entire community. There was nothing in the death of the young soldier to leave even the slightest stain on his memory. This assurance was given fully as the result of official inquiry that was made by the military authorities and was also held by the coroner who was called to conduct the examination.

Private Roberts was known to have suffered severely from an aching tooth, although he was around town in Augusta at late as 10 o'clock on Thursday night, and appeared to be feeling as well as usual and as full of life and its enjoyment as any of his numerous comrades. Later, after the party had separated, he had gone to a boarding house and taken a room, it is supposed in the hope of getting a good night's sleep, and as he had done before when suffering similarly, he moistened a cloth with a soothing drug and laid it over his face. He fell asleep that way and in the morning he was found dead.

Sergt. Battles, who accompanied the body home, says there was no though among the boys in camp that the young soldier's death was any-

Y. M. C. A. Campaign Contributions Very Small

Charleroi citizens will have to dig down deeper if the campaign for the Y. M. C. A. war fund is to be a success. This fact developed at a meeting of the team Captains with H. J. Duch, President of the local committee at the Hotel Monier at noon.

While all the Captains reported courteous treatment, with but very few exceptions, the amount of money reported as collected or pledged is very small, and there must be a more generous response on the part of our people if we are to make any kind of a showing when the campaign closes Monday night next. Of course there are many sources from which contributions are expected, notably the factories, and it will be impossible to give the amount of their subscriptions at this time, but even with these donations in view the local committee is not at all encouraged with the outlook.

President Duch believes the people should know the actual facts in the campaign, so far as it has gone, and to that end had the team Captains make reports, which they did as follows:

J. D Berryman could not report amount.

W. S. James $175.00.

Walter Byerly, $80.00.

Lee Showers $250.00.

S. D. Hill was not present.

Dr. J. W. Manon $126.75.

Dr. F. C. Stahlman, no amount reported.

Dr. C. C. Wright $115.00.

Jos. W. Stock $17.40.

Mathew Gelder $97.00.

Geo. W. Mosly $48.65.

James Henran and Harry W. Scott reported no amounts, while Rev. Giuvna, who has the district north of Twelfth street, was not present.

REV. ARTHUR A. HOUBERT CALLED TO ST. MARY'S CHURCH

Rev. Arthur A. Houbert, B. D., Litt. Dr., has accepted a call to become the Rector of St. Mary's Episcopal church of Charleroi and will enter upon his duties Saturday morning.

Rev. Houbert is a native of Tarrytown-on-the-Hudson, where he was born and where he lived until he was six years of age. From there he moved with his parents to Chicago where he received his early education. After graduating from the high schools of that city he entered the Protestant Episcopal Seminary of Chicago in 1895. He was ordained in 1899, his first charge being in Elmhurst, near Chicago. In 1902 he began a two-year practical course at the Southern Episcopal Seminary, at Suanee, Tenn. In 1905 he accepted a call to be a missionary in Syria, under the Right Reverend Bishop Blythe, and labored there for almost four years. Climate reasons induced him to return to America and he accepted a call in 1909 in the Diocese of Springfield, Ill., where he labored until 1914, when he accepted a call to Holy Trinity Parish, at North East, Pa. At the unanimous call of the vestry of St. Mary's Episcopal church of Charleroi he accepted a call to this city, and arrived here on Thursday to take up his ministerial duties, which will offically begin on Saturday.

Before entering upon his pastorate in Syria Rev. Dr. Houbert took a post graduate course in Oxford, England.

CLYDE COAL COMPANY CHARTERS THE RISHER

The Clyde company has chartered the stamer J. C. Risher from the Pittsburg Coal company, while the steamer Clyde is having some minor repairs made.

FIRE CALLS

The fire department answered two alarms Thursday night, but in neither case was the loss very heavy. The first call came about 10:30 from Washington avenue, between Seventh and Eighth street, where a bed in the Sullivan house had caught fire. The bedding was destroyed, but the house was not damaged to any extent. The second call at 11:30 was for a fire on McKean avenue, between 11th and 12th tsreets. A small outside kitchen had caught fire and made quite a blaze. When the firemen arrived on the scene the small structure was all in flames, while the siding on the end of the house was on fire. As there was a large number of houses in that vicinity, the firemen had to do some quick work in order to save property from the fire. However they succeeded in saving the houses but the kitchen building was destroyed entailing a loss not exceeding $200. The house was not damaged to any extent on the inside, some paper being burned off one of the inside kitchen walls. A couple of the inmates of the house were quite ill, one having just returned from the hospital, and another down with pneumonia, while in an adjoining house there was a patient.

When a man dies, he is worth only what he has given away. Give to the Y. M. C. A. and increase your personal value to the world.

Born—Tuesday, the 13th, to Mr. and Mrs. Charles Houston, 212 Shady avenue—a daughter.

BIG GAME BETWEEN MONESSEN AND CHARLEROI WILL TAKE PLACE

"Big League" Officials Secured to Handle This Important Event

STATE BOARD TO PASS ON HESS

The hatchet has been buried, and the big football game between Charleroi and Monessen will take place at the local athletic park on Saturday, November 24.

It was agreed on Thursday by the managers of the two teams to refer the matter of the eligibility of Hess, the local fullback, to the State Athletic Association and it will depend on their decision as to whether the disputed player shall appear in the line-up or not. In case there is no word received from the Association it will be taken as a tacit admission that Hess is eligible and he will be present to take part in the line-up.

So important do the school officials consider the game that it was deemed advisable to secure only the most competent officials and to that end D. W. Merriman of Geneva College, who was umpire in the Pitt-W. & J. game, has been selected as referee, and has accepted the assignment. William F. Knox of Yale will be umpire. No selection was made for head linesman, but an agreement will be reached as to who this official will be within a few days.

The game between Monessen and Charleroi is regarded as one of the most important in the local series, and there will undoubtedly be one of the largest crowds present to witness this contest that has been at the local park in years.

It is a matter of gratification to all lovers of the game to know that the difference between the two teams have been adjusted and that the game as originally scheduled will take place.

ALIQUIPPA WILL BE LAUNCHED SATURDAY

The steamer Aliquippa, which has been on the marine ways at Elizabeth undergoing repairs, will be placed in the river on Saturday. The repair work on this boat has been greatly delayed owing to the scarcity of iron workers.

CAUGHT AGAIN

People Should Patronize Home Business Men As a Safeguard

A NEW WRINKLE DISCLOSED

Chief Albright advises the people of Charleroi to be very careful in purchasing any article or articles from strangers who claim to be specialists in any line. It is impossible for the police to detect all these fakirs, as this gentry is on to all the tricks of the trade and show none of their wares while on the streets.

An incident was called to the attention of Chief Albright of a man, well dressed, who appeared in Charleroi a few days ago, who was selling spectacles and eye glasses. From his talk he claimed to be a specialist and when he attempted to make a sale he asked the most outrageous prices. While it may seem strange that such people can bring others to their way of thinking, yet it is regrettable that they do and consequently are able to separate people from their money simply by means of a glib tongue.

It is easy for the police to watch peddlers who must expose their goods while on the streets, but the man who can carry his wares under his overcoat can get by and escape detection. He can work the residence districts of a town and gain entrance into homes, where he is safe from the eyes of the police.

If people will only stop to consider for a moment they would realize that all their wants can be provided by the home merchant who is responsible and who is satisfied with a reasonable profit on his goods.

TWO CLASSES OF GERMANS

As commander-in-chief of armies guilty of savage and brutal atrocities the Kaiser's frequent invocations of the Deity have astonished a startled world, which has naturally noted the pious paradox a sham. But the Kaiser's persistence in this tended to convince the thoughtful that he knew what he was about even before the diaries found on dead German soldiers and evidence from other quarters showed that conscience and Christian feeling, though crushed down under the dominant forces, still survived in Germany. We know now that there were at least a few Germans who shrank from the massacre of helpless Russians at the Masourian Lakes, who turned in sickness of soul from the butchery of Canadian prisoners at Ypres, who abominated the mutiliation of kilted Scotchmen, who denounced—at least in whispers—the working of Belgian female slaves under artillery fire and the other atrocities exhibiting cruelty and ruthlessness in their most barbarous form.

The explanation is simple. There are two classes of Germans—one still Christian, believing in God and revering the old moral standards; the Christianity and morals aside, accepting the modern philosophers, believing only in the right of might. How much larger the second class is than the first is of course uncertain, but the first is or was large enough to make it worth the Kaiser's while to appeal to its Christian faith, as he so often did. It is noticeable that in a recent interview with Max Bewer, published in the Berlin Lokal Anzeiger, the Kaiser invoked only German might, omitting his usual mention of the God of the universe. He said: "The German sword will regain us the respect of all the world. In France the detestable word 'Boche' is getting even rarer. Just wait! Things will become different. The sword makes us respected."

This is interesting both as an admission that Germany has lost the respect of the world and as a confession that the present situation is far from satisfactory. The confidence of the early days is lacking. At the outset the German militarists evidently believed that they might become devils incarnate with perfect safety. Having abolished God and the future life they expected no reckoning in a world to come, and, being confident that they could conquer and dominate the world, they had no fear of being awarded their deserts by any human tribunial. The Kaiser is wrong. The sword can regain for Germany the respect of the world only by conquering it completely ,and even then the "respect" would be only such as is rendered by helpless slaves. Otherwise the process or regaining the forfeited respect of free peoples will require a century, even with the now suppressed part of Germary which has a conscience in the ascendant.

FOR THE WAR FUND

Charleroi citizens must get back of the Y. M. C. A. war fund if it is to be made a success. Our allotment of $10,000 could easily be reached if every household in the town would subscribe according to the manner in which it has been blessed. Giving to the war fund of the Y. M. C. A. is to receive dividends in cleaner and better men, who will carry the American arms to victory. The Y. M. C. A. is doing a great work. Almost every soldier who writes home from a cantonment or from the National Guard camps speaks of the "Y" and asks the home folks not to forget it when the solicitor comes around.

It is the soldier's club,his home, his church; it knows no distinction of creed or nationality or color. It is in the business for service to the men, a service which is so broad as to take in every splendid activity in the way of recreation and entertainment. The appeal being made to Charleroi should not be in vain. The "Y" will do more to keep the boys in good spirits than any other agency known.

Charleroi should make a splendid contribution to this fund.

LETTERS FROM HOME

Every one of the hundreds, constant [illegible] from soldiers in trenches and [illegible] appreciate bringing of letters and [illegible] letters from home—comfort [illegible] and study and [illegible] the [illegible]—but only letters written [illegible] lonely [illegible] what some one means to her heart.

It is not solely to folks of [illegible] that there is never a world of [illegible] letters from camps—all the [illegible] is expressed in the plea—[illegible]—"write often—letters [illegible] out of all."

Mothers and sisters and friends of soldiers can perform a great service for them with the pen as with the knitting needle. Sweaters and socks do not mean but physical comfort—while letters strengthen the heart.

If our soldiers are to fight their best we must keep them secure in their faith in our appreciation of their sacrifices, and aware of the beauty and worth of the homes for those freedom and happiness they go to battle.

Letters to soldiers should be pictures of home and letter writers should spare no effort to make them cheerful and inspiring. The veriest commonplace of family life are dear to these exiled lads—the news that mother is making pickles, that father was on the soliciting committee for the Liberty Loan—that sister has joined the first aid class, or is secretary of her high school debating club. And don't forget the clippings from the home paper—and the snapshot of mother feeding the hens. All of these are interesting to the boys in camp, whose longing for home, while not expressed in terms, is strong within them. What would they not give if they could just get home for a brief period, if only for a day, but they must be content with letters from the home folks, which should reach them with the greatest regularity.

When a man was captured recently on an American army transport with a bomb in his possession, and was told that he was liable to the death penalty, he glibly retorted that he was at worst only a violator of the spionage act and punishable by its maximum penalty of twenty years—showing how well informed and alert were his directing superiors when they induced him to take the risks. Before this war is over it is safe to say that our government will find it desirable to provide for less lenity in the treatment of spies, dynamiters and other German agents caught red-handed.

A Florida editor tells of getting up before daylight one of these fine autumn mornings and catching thirty-nine speckled perch, a beautiful fish of the bass family. The editor's gratification and pride are revealed in his promise that "this dose of brain food may show its effects in this column later."

More than nine millions of Americans oversubscribed the second Liberty loan of three billons more than a billion and a half, and the Kaiser may rest assured that they will do the like again and yet again if need be.

Chicago's "anti-war, anti-Wilson, anti-American" ticket was "snowed under a blizzard of ballots" that "rattled all the pots in Potsdam," but it does not appear that Mayor Thompson has yet been taught the salutary lesson he is in need of.

HIGH HONORS TO SOLDIER

Continued from Page 1

tune but an accident and that the story that it was not was the result of over-eagerness on the part of some news reporter to inject sensation into any news regarding the events of the camp.

Evidence of the positiveness of the accident view of the death was given in the ceremonies that attended the farewell service that was held in the chapel of the Augusta coroner just before Sergeant Battles left with the body for home. B Company attended in a body, with the regimental band and the line officers of the regiment, the 112th, and many members of other companies of the regiment. The service was conducted by Chaplain Hall of the regiment and Corporal Cyril F. Lorz's squad was detailed to act as bearers. The entire company with the band escorted the body to the train and stood uncovered as the train left the Augusta station.

These honors are the highest paid to a soldier and that they were paid to the memory of Private Roberts indicates the high esteem in which he and his memory are held by his comrades at Camp Hancock.

DOCTORS HAND OUT LIVE TIPS

THEY TAKE THE PUBLIC INTO THEIR CONFIDENCE

Prominent physicians claim people fail in life because of "nerve hunger that it is the active bright-eyed, strong nerved man or woman who is "there" at work or play.

Strong, well nourished nerves is the great secret of success, health and happiness.

Men and women try to live regardless of health, strength, ambition, energy and hope, they exceed the speed limits, wasting nerve strength and [illegible] force, afterwards they only exist, life has no joys.

Without energy, ambition, strong nerves and pure blood one cannot hope to enjoy the fullest measure of success and happiness.

A noted specialist says, "Phosphated Iron brings strength to the blood, nerves and brain, that it is a perfect combination of vital elements of great tonic qualities when taken by 'Nerv-sick humans,' that it will increase body and nerve energy, restore ambition and staying powers."

He also says: "If you are the victim of overwork, worry, excess of mental and physical forces, have the blues and the physical forces have the blues and the pleasures of life are no longer enjoyable,that you need Phosphated Iron to brace, build you up and put you on your feet again."

MANY ASPIRE TO THE JUDGESHIP

The judicial vacancy now existing on the Washington county bench has caused a great deal of gossip as to who will succeed the late Judge Irwin as additional law judge. The appointment will be made by Governor Brumbaugh and will before a term of approximately two years. The successor to such appointee will be elected at the general election on a non-partisan ballot in the fall of 1919 so that the Governor's selection will serve until the first of January, 1920, or a little over two years.

So far as known there are no "active" candidates for the appointment, although many of the members of the Washington county bar have friends who have already presented the claim of their favorites to the Governor. It is said that at least a dozen names have been mentioned in connection with Judge Irwin's successor, but so far no concerted action has been taken by the members of the bar in favor of any candidate.

It is likely the appointment will be made at an early date, as the business of the Washington county courts is so heavy that it is impossible for one Judge to handle it. At the present time the November term of court is in session, to be followed by the usual term of common pleas court, and unless an additional judge is secured to assist, Judge McIlvaine will have to take care of all the business himself.

NEW RIVER COAL TIPPLE NOW IN USE

The tipple of the Peters Creek Coal company, at the lower end of Elizabeth, is now in use, and for the past week coal has been loaded from wagons and motor trucks into barges in the river. Part of the coal is brought in trucks from the mine of the company in Jefferson township, near the village of Large, but by far the greater amount is being brought from the country mines back of Elizabeth in Elizabeth and Forward townships. So urgent are the orders for coal from this company that trucks were kept busy all last Sunday hauling fuel and dumping it into river craft.

FOUR WEEKS IN HOSPITAL

No Relief—Mrs. Brown Finally Cured by Lydia E. Pinkham's Vegetable Compound.

Cleveland, Ohio.—"For years I suffered so sometimes it seemed as though I could not stand it any longer. It was all in my lower organs. At times I could hardly walk, for if I stepped on a hard stone I would almost faint. One day I did faint and my husband was sent for and the doctor came. I was taken to the hospital and stayed four weeks but when I came home I would faint just the same and had the same pains.

A friend who is a nurse asked me to try Lydia E. Pinkham's Vegetable Compound. I began taking it that very day for I was suffering a great deal. It has already done me more good than the hospital. To anyone who is suffering as I was my advice is to stop in the first drug-store and get a bottle of Lydia E. Pinkham's Vegetable Compound before you go home."—Mrs. W. C. BROWN, 2844 W. 12th St., Cleveland, Ohio.

ITALIANS WILL AID IN WAR WORK

At a meeting held in Italian Hall Thursday night by the resident Italians of Charleroi a committee of ladies was appointed to give a dance on the 11th of December for the benefit of the Italian Red Cross, and also to hold a benefit bazaar for the same purpose. Committees to solicit funds were also appointed. A temporary committee of men was also appointed to devise ways and means to form a permanent local Italian Red Cross Relief Association, with the object of enrolling permanently or for the duration of the war, every Italian in Charleroi and vicinity.

To the Citizens of Charleroi:

Since the duties of my office and other business interests will not allow the time necessary for me to call personally on the voters of Charleroi, which I'd consider an honor and a pleasure, I take this means of expressing to my loyal and adherent supporters my sincere appreciation and thanks for their steadfastness to my cause in the recent election for Burgess of Charleroi. And, although made in this public way it is none the less sincere than if accompanied by a hearty hand-shake.

Sincerely,
S. L. Woodward.

SILVER OFFERING WAS A SUCCESS

A Silver Social under the auspices of the W. C. T. U. was held last night at the home of Mrs. C. C. Wright of Fallowfield avenue. Quite a large number of the representative ladies of the different churches of our town were in attendance who did not forget to bring their "knittin," and as the large balls of yarn were transformed into sweaters, scarfs and socks, the ladies were given a musical treat by their hostess.

A duet by Mrs. Wright and Dawson, piano solos by Misses Ruth Hall, Dorothy Whitlatch and Alvera Chalfant were rendered in a pleasing manner. A silver offering was given amounting to $10.50 with which the union proposes to buy "sweets" for the boys who have gone to the colors.

The Iris Rebeckah lodge will hold a masquerade social this evening in the Odd Fellow's hall. Admission 15 cents. Refreshments served. 131-e1

ASKS DAMAGES FROM RAILROAD

Annie Digan has brought suit against the Pennsylvania Railroad company to recover $5,000 damages for alleged forcible ejectment from a train of the defendant company. The statement of claim sets forth that on July 21, 1916, the plaintiff purchased a ticket over the Pennsylvania railroad at Fourth Avenue staton, Pittsburg to California, Pa. The plaintiff got on a regular passenger train of the defendant company, which stopped at California, but after her ticket had been taken by the conductor she alleges she was forcibly put off the train at Donora, before reaching her destination. The plaintiff alleges she sustained additional injuries to her back and arms and that she was injured internally.

India Bearish on Silver.

A London bullion house says the recent fall in silver prices at Bombay throws a light upon the bearish attitude of the Indian bazaars which has obtained for some time past, and also upon the way in which the Indian people have been content with greatly reduced imports for industrial consumption. It is more than probable that many individuals whose silver jewelry depreciated seriously when the Indian mints were closed to free coinage have taken advantage of the high prices compared with those ruling for the last twenty years or so and have turned their silver bangles into silver coin.

NEW DISCOVERY
FOR ECZEMA

Doctors Having Great Success with Amolox.

This remarkable letter, coming from a prominent physician engaged in active practice for over 25 years, proves the merit of this wonderful new Remedy.

I have used Amolox in four different cases of chronic skin diseases, with excellent results. All showed marked improvement from the start. Two apparently are cured, the skin being free from scales and redness, and perfectly normal.

I consider Amolox a Remedy of rare merit. I know of nothing in the modern text-books that equals it in therapeutic value.

Very truly yours,
C. R. JUSTICE, M. D.,
Main Street, Poland, O.

Amolox Ointment alone will quickly banish pimples, blackheads and take out all redness of the skin and cure most forms of skin disease. Bad, chronic cases of Eczema, Psoriasis, Tetter, that have lasted for years, yield more quickly when both ointment and liquid are used. Now on sale at leading drug stores at a moderate cost.

Send postal for free sample to Amolox Laboratories, Youngstown, O. Amolox is guaranteed. Try it today. If it fails to do what is claimed money will be cheerfully paid back by

Use of Word Filibuster.

The word filibuster goes back to the days of William Walker's fantastic enterprise against Mexico, Costa Rica and Nicaragua—that is, to the early fifties. It was adopted into political slang at once, and got into the debates of congress on January 3, 1853, as the learned know who have studied Thornton. The Cuban revolution gave it a new and vigorous lease of life.

Progress or Retrogress.

It is often said that "What is good enough for the father is good enough for the son." The statement is incorrect, proclaims a writer. It leaves the wheel on a slope where it cannot stand. The instant it ceases to ascend it begins to slide down. As with the individual, so with communities and nations—where progression pauses, retrogression begins.

Don't Waste Time.

To be active is the primary vocation of many. All the intervals in which one is obliged to rest one should employ in gaining clearer knowledge of external things, for this will in its turn facilitate activity.—Exchange.

Carry Their Wealth.

In Dutch Guiana the women carry upon their persons all the family savings in the shape of heavy bracelets, anklets, necklaces and even crowns of gold and silver.

He Is Always Busy.

If Cupid were the small boy that he is represented to be, the authorities who prevent children from being overworked would have to take a hand.

Never Fails.

"De man," said Uncle Eben, "dat makes up his mind to rule or ruin is mighty apt to do both."

Hollow Pretense.

How hollow is all our pretension to progress, when we have never devised a punishment for the human trip hammer who always thinks it is necessary to smite one on the shoulder in greeting, or the human vise who puts forth every ounce of his strength in shaking hands.

Something Missing.

A small girl was visiting her aunt's room for the first time. She walked about and scrutinized everything with interest. Finally she stopped before an attractive picture frame which was standing on the table, but was empty. After a puzzled moment she said: "Auntie Ethel what is it I don't see?"
